Monthly Auction! SAVE \$\$\$

Check back in May to see our newest Auction!

Starting April 1999, we will put up a featured product on E-Bay, the on-line auction every month. So that it is worth your while to check back, we will be offering MAJOR products (saddlebags, hardware, etc.) or groups of products for auction. Of course, our warranties and return policies will apply, so you won't "get stuck."

This month's featured auction is:

Yamaha Road Star bolt-on bracket. ([more information](#))

The Leather Accessories Connection offers a complete line of Premium Top Grain Leather motorcycle accessories, including Saddlebags, Chaps, and Toolpouches. In fact, we are willing to bet that we have the largest offering of saddlebags you will ever find--

Nearly 150,000 Saddlebag and Option Combinations.

Chances are pretty good you will find something you will like.

All products are made in the USA by Spider's Den, Inc. Choose from a variety of options, including leather color, pipng color, fringe, conchoes and metal studs. Design the bags the way you want-- plain or fancy. Then, order your accessories to match! Easy, one-stop shopping for all your leather motorcycle accessories. (Sorry, we don't carry jackets, leather pants or vests.)

Shop On-Line and Save!

Check out our newest addition-- on-line ordering! Take advantage of our easy ordering process and secure server processing (at check-out). *Order on-line and SAVE 5% instantly! (The discount will not show on our on-line order form, but will be processed at our office.)*

Road Star® Owners!: We have some great saddlebags and bolt-on hardware systems for your Road Star! For more information see our special Road Star® info page.

VALKYRIE OWNERS!: Check out our complete saddlebag system with bolt-on mounting hardware. For more information, check out our special Valkyrie® Saddlebag System page.

Leather Colors... Brown, White or CUSTOM...

Take a look at our standard brown and white leathers colors. For those of your looking to match a specific seat color we can help! Take a look at our Leather Color page for more information.

NOTICE: Due to supply difficulties, we cannot get in a consistent quality brown color leather. Until we can resolve this, we will not carry products in brown leather. If anyone can help us and point us to a reliable supplier of USA origin leather (MUST BE USA ORIGIN LEATHER), then please let us know.

About Us

Anyone can put up a website, but only a handful of dedicated companies can offer quality products and customer service to go with the site. Learn more about us: who we are, why we are and why we're the best!

Products

We offer a comprehensive selection of USA made leather motorcycle accessories, with a wide selection of options for your customizing pleasure. Choose from a variety of saddlebags, toolpouches, gas tank panels, custom or standard sized chaps, saddlebag bolt-on hardware, and other items, such as t-shirts, saddlebag guard covers, lever grips, caps, etc. in our miscellaneous section.

Testimonials

We'd like to share with you some pictures and remarks from happy Leather Accessories ComeXion and Spider's Den customers.

Ordering and Shipping

Everything you need to know. How to place an order, our mailing address, e-mail and telephone contact information. Methods of payment. Order filling time, shipping times and shipping options available. Information about International orders.

Warranties & Returns

We stand behind our products with solid return policies and warranties. If you're not happy, then we're not happy. Find out more about our product warranties and return policies for non-customized goods.

Downloadable

Download our newest price list, fitting guide or order form.

Fitting Guide

If you are interested in saddlebags, you may want to begin here. Just select your motorcycle and we'll provide the information on the bags that will fit it. We have fitting charts for a wide variety of foreign and domestic motorcycles, including popular Harley Davidson, Honda, Yamaha, Suzuki and Kawasaki models.

CHAP-O-MATIC

Takes the guesswork out of ordering chaps. Just enter your measurements and the options you want in our handy "CHAP-O-MATIC". It'll select the appropriate size and provide you with the part numbers and price totals. It'll let you know if you need custom chaps if you are just fine with regular chaps (or regular chaps with more or less length, to save you from ordering custom chaps when you don't have to!)

Design your Own Saddlebag

LOTS OF FUN! Use our special forms to design the saddlebag of your dreams. Just select the series of bag, leather type, and the various options you want. The appropriate part numbers and totals will appear. Best of all, it does not go into our shopping cart... it's just here for you to play with and get some ideas.

Track-IT

When you order, be sure to give us your e-mail. That way, we can e-mail you your shipping date and a handy tracking number. Use this tracking number on our "TRACK-IT" page so that you will know exactly where your order is.

Coupons & Sales

Want a 5% discount or a free t-shirt? Check out these coupons to find out more. We also will have occasional clearance items and other specials. Also, don't forget... starting April 1999, we will have a product up for auction on E-Bay, so check back often.

Catalog

Request our mail-order catalog. Since we respect you and your privacy, we make it a policy not to sell the names of anyone who request information (or does business) from us.

To get the most out of this site, we recommend viewing in true color (24 or 32 bit) using Netscape Navigator. That way, the color photographs will look their best. We also recommend a screen setting of 800 x 600 pixels.

Dedicated to the Most Important People....

We've been getting so many compliments on our products that we decided to dedicate this page to the most important people we know -- our customers.

From Robert Seppesen: "Enclosed are pictures of the bags on my bike, a 1997 Kawasaki Vulcan 1500 Classic. As you can see from the photos, the bags are beautiful. "Thanks for everything you did, and the great product with the service."

Note: The picture Mr. Seppesen provided us shows our 2000-BK saddlebags (bolt-on) with Hunter's Green piping on both the flap and front, three round conchoes per side, and the metal stud option on both the front and flap. Unfortunately, the low resolution required for web publishing does not give justice to the match that the green piping has to the dark green paint on the '97 1500 Classic.

From Albert K. Auer: "Yesterday I received my custom chaps from LeatherConneXion and I just wanted to say how pleased I am with them. The fit is perfect and the quality of materials and workmanship is excellent. I am sure they will serve me well on many rides in the future. Congratulations on producing such a fine product. You can be sure I will keep the LeatherConneXion at the top of my list for future purchases."

From Mark Heil: "I took some time on this rainy Wednesday afternoon to trek up to [Motorcycle Dealer] and look at some bags for my custom construction EVO.. anyway ... I really went up there to see (another mfg's bags) and then when I saw these bags made by a company called Spiders Den, I fell in love. Although they were seemingly a small amount more than I was looking to spend, I couldn't help but notice the quality of both the leather and the construction of the bag. So anyway I'm sitting here right now looking at your bags on my scooter and feeling very proud to let anyone know who made these bags and where to get them. On top of that.... **MADE IN THE USA**... Great bags, great buy for the quality and hoping they last me a long time. I think the model # of the ones I bought is #29916F or if you want to know... Sorry to take up your time, but I had to let you all know.... Congrats Spider's Den, my hat's off to ya."

Note: Spider's Den products are not only sold through the Leather Accessories ConneXion, but through a variety of motorcycle dealers across the USA (and Japan too!). Dealer locations can be found at <http://www.SpidersDen.com>.

Picture Courtesy of E.F. Southerland: Mr. Southerland purchased a Valkyrie Bolt-on system with a 2900-BK series saddlebag (white piping and six conchoes options). Thanks for the great pics!!!

From Bill Bray: THANKS Karen for the great service. All of the order arrived early today and is now on my bike. The bags are MUCH more than I had envisioned. The construction is superb !!!! They just look GREAT. Thanks Again.

[edit...]

From Ted Day, Jr.: I purchased from you and installed the 1900 series saddlebags on my 98 Valkyrie a couple of weeks ago.

The saddlebags are fantastic. Immediately after installing them I went on a week long trip to North Carolina on the bike and made very good use of the bags. They not only look great on the bike but are certainly 100% functional. The 1900 series bags are the perfect fit and look on this bike. The quality of the bags is unquestionable. Made in the USA too. Thanks.

From John R.: I received the saddlebags today and put them on the bike. There great, I'm happy, so thank you very much. Your also a very great person to work with.
